

For Good Measure!

LCD DIGITAL INDICATOR

THE Mi601CS

DESCRIPTION

The Mi601C Stainless Steel LCD Indicator—a cutting-edge solution for your weighing needs. Crafted with high-quality Stainless Steel, this indicator offers a perfect blend of durability and modern aesthetics. Its clear LCD display ensures accurate and easy-to-read measurements, making it ideal for various applications. With user-friendly features and a sleek design, the Mi601C is a versatile choice for those seeking precision and reliability in their weighing equipment.

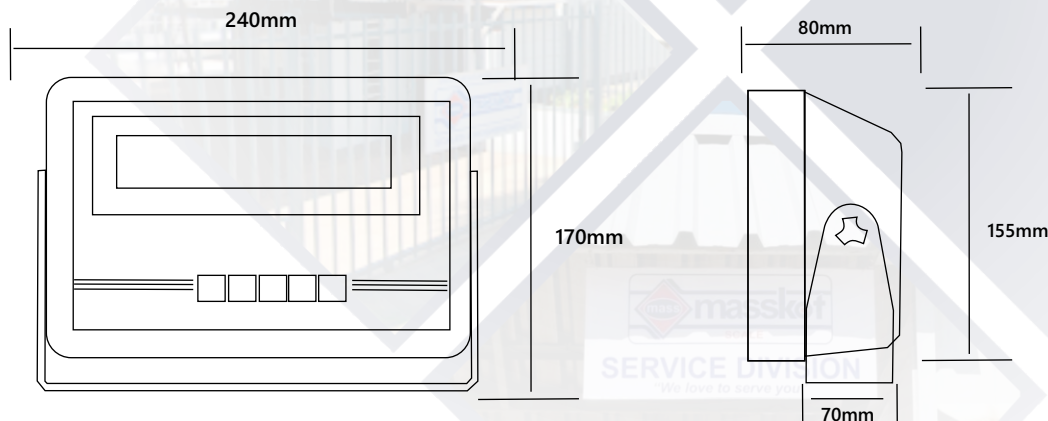

FEATURES:

- High precision A/D conversion with a readability of 1/30000.
- Adjustable zero position tracking and zero setting ranges.
- Customizable digital filtering settings for speed, amplitude, and stability.
- Weighing counting function for versatile applications.
- Optional backlight models for improved visibility.
- Rechargeable with under-voltage alarm and protection.
- Equipped with a 4V/4Ah maintenance-free rechargeable battery (6V/4Ah optional).
- RS232 connection (optional) for data management.

SPECIFICATIONS:

- Model: MI601CS - LCD Indicator
- A/D conversion mode: Σ - Δ conversion mode
- A/D conversion rate: 10t/S
- Maximum A/D conversion: 24bit
- Input signal range: -10mV to -15mV
- Input sensitivity: $\geq 1\mu\text{V/e}$
- Load cell excitation power: DC 3.3V.
